

How to upgrade the firmware?

Step 1: Open an Internet browser (such as Internet Explorer) and enter http://dlinkrouter.local or http://192.168.0.1 into the address bar.

Step 2: Enter the password for your Admin account in the field provided. If you have not changed this password from the default, leave the field blank. Click **Log In**.

To access your storage with SharePort Web Access, click here.

Step 3: Move the cursor to the Management tab and then click Upgrade from the drop-down menu.
