

## How to setup Singnet VLAN settings on DIR-890L?

(Please ensure your Firmware for DIR-890L is 1.01SG or higher)

**Step 1:** Open an Internet browser (such as Internet Explorer) and enter <http://dlinkrouter/>, <http://dlinkrouter.local> or <http://192.168.0.1> into the address bar

**Step 2:** Enter your login information. If you have not changed the default settings, the password field should be left blank. Click **Log In**.

A screenshot of the login form. It has a label 'Admin Password:' above a text input field. Below the input field is a blue 'Log In' button, which is circled in red.

To access your storage with SharePort Web Access, [click here](#).

**Step 3:** Click the **Settings** tab at the top of the page and then click **Internet** from the menu list.
