Step 8 Click on the Next icon.

Step 9 Select the PPPoE/PPPoA option.

Step 10 Click on the Next icon.

Step 11 Key in your Broadband account User Name and Password.

Step 12 Key in your VPI and VCI values. VPI = 0, VCI= 100. (For Malaysia user: Streamyx VPI= 0, VCI=35)

Please check with your local ISP the exact value. This value varies depending on country to country basis.

Step 13 Select the correct Connection type. PPPoE LLC

For Singnet user your Singnet username should end with <u>xxxxx@singnet or xxxxx@singnet1500 or xxxxx@singnetbusiness</u> For Pacific net user your username should end with <u>xxxxxxx@pacific.net.sg or xxxxx@pacnet1500</u>

Username might be varying please check with your ISP for the correct username.
